

PUFAS Stain Blocker Spray S10

PUFAS Isolierspray S10

- for sealing off migrating stains
- matt white
- high opacity
- dry after 10 minutes
- adjustable spray head

Instructions for use:

PUFAS Isolating Spray isolates, by simple spraying, all stains, which might bleed through when painted over using dispersion-based paints and which cannot be permanently covered.

Felt and marker pens, grease, nicotine, tar, soot and burn marks are covered and isolated and can no longer be released by subsequent coatings.

PUFAS Isolating Spray is suitable for both interior and exterior use.

PUFAS Isolating Spray may not be used on non-solvent resistant substrates.

Technical specifications:

Components: Synthetic resins
Density: approx. 0.75 g/cm³
Blowing agent: Propan/Butan

Substrate preparation:

The substrate must be dry and stable

Application:

Shake container vigorously before use.

Spray the area to be isolated briefly from about 20 cm. Repeat the spraying process after allowing to dry thoroughly (approx. 10 minutes) if re-quired. The isolated stains can be painted with dispersion-based paints or papered over after allowing 10 minutes to dry.

After use, invert the container and depress nozzle to clean.

Note:

Please see EU safety data sheet for all safety-related data (EU-CLP)

Clean any working equipment with water after use.

Considerations disposal:

Please see EU safety data sheet section 13 (EWC).

Storage:

Store in a cool dry place. Keep away from sources of ignition!

Available sizes:

400 ml 4007954145012 014502000 REG
