

## extra Wallpaper Adhesive Super Economy Pack Tapetenkleister extra Super-Sparpack

**Instructions for use:** The adhesive is suitable for pasting light to heavy weight paper wallpapers on plaster, concrete, gypsum and plasterboards. Particularly suited for rough surfaces.

**Technical specifications:**

Components:	starch ether, rheological additive
Density:	approx. 0.4 g/cm <sup>3</sup>
pH-value:	approx. 8
Solubility:	ready for use after approx. 30 minutes
Usage:	approx. 200 ml/m <sup>2</sup>

**Surface preparation:** The surface must be dry, firm and free of dust and grease. Remove old, peeling wallpapers and distemper paints using *PUFAS Wallpaper Remover*. Make good cracks and holes using *PUFAS Interior* or *PUFAMUR Super Bonding Filler*.

Pre-treat strongly absorbent, abrasive and chalky surfaces with *PUFAS Deeply-Penetrating Primer – solvent free*. Water-soluble contaminations in the surface, which could show through when wallpapered over, should be isolated using *PUFAS Insulating Spray White*.

**Application:** Stirring vigorously, sprinkle *extra Wallpaper Adhesive* into clean, cold water (see table) and continue to stir for a few minutes. Leave for approx. 30 minutes and then stir vigorously again.

Evenly apply the adhesive to the wallpaper using a brush. Fold the pasted ends inwards and hang after an adequate soaking time. Always observe the wallpaper manufacturer's instructions for use.

We recommend to add 750 g *PUFAS Wallpaper and Border Adhesive* per 3-4 litres mixed *extra Wallpaper Adhesive* for use on hardly absorbent surfaces and to increase the moisture resistance.

Do not use if the surface and room temperature are below + 5° Celsius!  
Remove adhesive residues using a damp cloth.  
Clean tools in water after use.

**Mixing ratio for 500 g packet:**

for	Mixing ratio	Quantity of water per 500-g packet	Coverage of a 500-g packet
Pre-pasting	1:25	12,5 l	Approx. 70 m <sup>2</sup>
Light weight wallpapers	1:20	10 l	50-60 m <sup>2</sup>
Woodchip wallpaper	1:15	7.5 l	35-40 m <sup>2</sup>
Heavy wallpapers	1:10-1:12	5-6 l	25-30 m <sup>2</sup>

**Mixing ratio for 1 kg packet:**

for	Mixing ratio	Quantity of water per 1 kg packet	Coverage of a 1 kg packet
Pre-pasting	1:25	25 l	Approx. 140 m <sup>2</sup>
Light weight wallpapers	1:20	20 l	100-120 m <sup>2</sup>
Woodchip wallpaper	1:15	15 l	70-80 m <sup>2</sup>
Heavy wallpapers	1:10-1:12	10-12 l	50-60 m <sup>2</sup>

**Storage:** Store in a cool and dry place!

**Available sizes:**
