

PUFAS Wallpaper Remover TAP-EX

TAP-EX

Area of application:

PUFAS Wallpaper Remover TAP-EX is a concentrate for removing paper, textile and vinyl wallpaper as well as woodchip wallpaper.

Properties

- Concentrate
- For 50–100 m
- For wallpaper and woodchip wallpaper
- Powerful loosening agent
- Quickly soaks through the wallpaper

Technical data:

Raw material base: non-ionic surfactants, water, additives
Density approx. 1.0 g/cm³
pH value: 7 – 8

Dilution:

To remove uncoated wallpaper, dilute 250 ml Tap-Ex with max. 15 l water. For vinyl and embossed wallpaper as well as woodchip wallpaper, dilute 250 ml *PUFAS Wallpaper Remover TAP-EX* with 8–10 l water.

Application:

Cover areas that are not to be treated (floors, doors, furniture). Apply the solution generously to the wallpaper using a ceiling brush. Once thoroughly soaked, the wallpaper can be easily removed. For wallpaper that is difficult to remove, apply the solution two to three times wet on wet. Roughen waterproof, washable wallpaper in advance with a spiked roller or coarse sandpaper. Clean tools with water after use. Residues of the wallpaper remover can be easily removed with water.

Consumption:

250 ml *PUFAS Wallpaper Remover TAP-EX* is sufficient for approx. 50–100 m², depending on dilution and application quantity.

Notes:

Clean tools with water immediately after use. Avoid contact with the eyes! Safety goggles must be worn. In case of contact with the eyes, rinse immediately with plenty of water. Spray application is only to be carried out by professional users. Prolonged exposure of the eyes to spray mist may cause temporary visual impairment. Avoid contact with the skin.

Storage:

Store containers tightly closed and in a cool place, but not exposed to frost. Keep out of reach of children.

Disposal:

Only recycle containers that are completely empty. Dried material residues can be disposed of with household waste or as construction site waste. Dispose of liquid residues in accordance with waste code no. EWC 07 06 01.
