

PUFAS Tapet Repair

PUFAS Nahtkleber OE

Ready-to-use, solvent-free dispersion adhesive for quick repairs on all types of wallpaper.

Area of application:	<i>PUFAS Tapet Repair</i> is suitable for regluing detached (burst) seams of wallpaper on all substrates.	
Technical data:	Raw material base:	Vinyl acetate-ethylene plastic dispersion
	pH value:	4
	Density:	1.05 g/cm
Substrate preparation:	The substrate must be stable and free of dust.	
Application:	Apply <i>PUFAS Tapet Repair</i> directly from the tube to the wallpaper or substrate, spread evenly and press down the loose wallpaper. The drying time is approx. 10–15 minutes, depending on the ambient temperature and substrate.	
	Remove any adhesive residue immediately with a damp cloth. Do not use at surface and room temperatures below 5°C or below! Clean tools with water after use.	
Storage:	Store in a cool place, but not below freezing! Keep the tube tightly closed!	
Art No.:	001801098	4007954018118
Size:	60 g
