

PUFAS Uni-fix

PUFAS Uni-fix

Ready to use, solvent-free emulsion adhesive for rapid repair.

Instructions for use:

For the interior use. *PUFAS Uni-Fix* is suitable for all kinds of wallpaper and border, paper- and board material such as labels, posters, textiles, wood and similar materials.
Dries into transparent finish.

Technical specifications:

Components:	vinyl acetate ethylene plastic emulsion, additives
pH-value:	7-8
Density:	1.07 g/cm ³

Surface preparation:

The surface must be firm, absorbent and free of dust.

Application:

Apply *PUFAS Uni-Fix* directly from the tube onto the material or surface, spread evenly and let it air dry for 5 minutes. Thereafter press evenly into place. Depending on the ambient temperature and surface the drying time is approx. 3 hours.

Remove adhesive residues immediately using a damp cloth.
Do not use if the surface and/or room temperature are below + 5° Celsius!
Clean tools after use with water.

Storage:

Store in a cool place! Keep the tube firmly closed!

Available sizes:

60 g PE tube	024001092
250 g PE tube	024002092
500 g PE bottle	024003092
